More flights. More often. Scheduled perfectly.

In keeping with Swiss tradition, we have streamlined connections at our Zurich hub. With new synchronized North American departure schedules and reduced transit times, many of our connections are within 45 minutes of your arrival. And we have added more flights for people who value choice and efficiency as much as we do. So for quick and easy connections, no one beats the Swiss. It's all in the timing.

For more information on the best worldwide connections,
call **Swissair** at **1 800 267-9477**.

Swissair participates in Air Canada's and Delta's and USAir's frequent flyer program.
